# Training

---

This section provides an overview of the offered [training and workshops](#), [online courses](#) and a selection of [educational materials and guides](#) in the field of open science for students and employees of Charles University.

The Centre offers **individual** or **group training** sessions in the field of open science – in particular, **open access**, **research data management** and open research data. If you are interested in such trainings for your research team, department or students, [get in touch](#) (we are presenting both in Czech and in English).
